

GRAMMAR TIME! INTEGRATING GRAMMAR INTO THE KS2 CURRICULUM

This exciting one-day course will provide participants with practical ways to integrate and explore grammar with their pupils.

OVERVIEW

"Oh no, not grammar!" It doesn't need to be like that. And that's why this course for Key Stage 2 Teachers of English and Literacy will offer both you and your pupils a range of fresh approaches to understanding grammar.

WHO SHOULD ATTEND?

This one-day training day is aimed at all teachers of KS2 English and Literacy. It will be equally valuable for NQTs and seasoned colleagues with years of experience. All we ask is that you come along with an open mind to new approaches for bringing grammar to life.

WHAT WILL I LEARN?

- ✓ Review the latest research on approaches to grammar
- ✓ Focus on the metalanguage we could use to discuss grammar with pupils
- ✓ Make exciting cross-topic and cross-

subject links

- ✓ Discover authentic and practical ways to introduce grammar to your teaching.

HOW WILL IT CHANGE MY TEACHING?

This Grammar Time! CPD session aims to remove the fear from grammar teaching and provide practical approaches for your school.

This will mean greater confidence in teaching grammar activities, more awareness of the points in your teaching sequence which are ideal for introducing grammar, and how you can shape texts with pupils and encourage them to make choices in their independent writing.

Tracey spends lots of time visiting schools for literacy reviews, so she knows what works and what doesn't work when trying to enthuse Key Stage 2 pupils. Come and hear her share techniques and strategies that will change the way you and your pupils see grammar forever!
