

Dear parents and carers,

Our school subscribes to **LGfL**, which provides each pupil with access to online tools and learning resources, many of which are already used in school and which your child can access when at home. To take advantage of these resources go to hresources.lgfl.net then enter the username and password your child has been given.

The screenshot shows the LGfL website interface. At the top, there's a navigation bar with 'About', 'News', 'Services', 'Learning resources', 'Safeguarding', 'Inclusion', 'Training', 'Support', and 'Login'. Below this is a search bar and a 'BROWSE BY SUBJECT / KEYSTAGE' section. A red arrow points to the 'Home Learning' dropdown menu. Below the dropdown are four resource cards: 'Fossils and Dinosaurs', 'Space Adventures', 'EYFS Spotlight', and 'Significant People'. To the right is a login form with fields for Username and Password, and a 'Login' button.

Below are a few resources that you can use to Support Your Child at Home

A range of games and activities to engage your child(ren) across all curriculum subjects at EYFS, Key Stage 1 and 2. Practise maths skills, phonics and test your child(ren)'s knowledge of the wider curriculum with interactive quizzes. busythings.lgfl.net

80 short and clear videos, made to explain every grammar point listed in the primary national curriculum (Years 1-6). The videos also detail how grammar points can be applied to everyday situations grammar.lgfl.net

Videos to support you with helping your child(ren) with their mathematical development at home. Designed to bring maths to life and ignite conversations between your child(ren) and you. Some of the videos also have printables for your child to complete. mathsathome.lgfl.net

Junior Infant Toolkit is part of the J2eToolsuite. The toolkit has options for word processing, animation, graphing, painting, pictograms, turtle control and the capability to mix all of the aforementioned in an online document. It is great for presenting Topic homework or projects. j2launch.lgfl.net (then select **JIT** from the menu).

There are further resources (as part of the J2eToolsuite) such as J2blast. Spellblast and Tblast encourage children to practise and learn their spellings and times tables. Additionally, SATsblast KS1 and KS2 can help prepare Year 2 and 6 pupils for the mental arithmetic maths SATs. Go to j2launch.lgfl.net and select **J2blast** from the menu).

In support of continuing meaningful educational activities, with widespread school closure, access to the majority of LGfL Learning Resources has now been changed to be open access (ie requiring no login) for members of the LGfL community.

To see more resources and information just go to homelearning.lgfl.net or contact the LGfL team at contentsupport@lgfl.net
