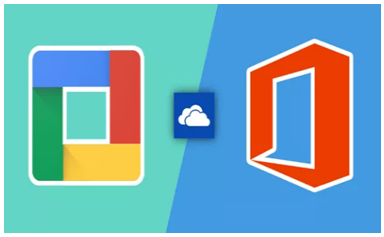
FIVE WAYS TO SUPPORT IT/NETWORK MANAGERS

5ways.lgfl.net



LGfL can set you up a G Suite or Office 365 tenancy using a domain of your choice. You can also opt to sync all of your users and groups from USO which saves you hours of admin time.

Meraki Mobile Device Management – enables secure management and control of all school devices (including PCs) as well as providing features such as the remote deletion of data (a GDPR requirement). Up to 300 can be claimed by primary schools. To claim your licences please send an email to merakimdm@lgfl.net

Sophos Intercept X employs a comprehensive defence-in-depth approach to endpoint protection rather than simply relying on one primary security technique. This is the "the power of the plus" – a combination of leading foundational (traditional) and modern (next-gen) techniques. Intercept X integrates the industry's top-rated malware detection and exploit protection with built-in endpoint detection and response (EDR). Contact Sophos@lgfl.net to claim your licences.

Gridstore is a resilient, encrypted, off-site backup storage management platform that uses Redstor's Enterprise Server Edition (ESE) software. Backup your "mission critical" data automatically and on a daily basis to help comply with the GDPR requirements for your schools data" contact Gridstore@lgfl.net for more details on your free storage allocation.

Egress Switch – ensures secure and encrypted messaging and GDPR compliance for schools sending personal and confidential data. Each primary school can receive 5 licences. To claim your licences please send an email to egress@lgfl.net

The aim of 5 ways is to showcase five ways to use LGfL resources across the curriculum that you can take, use and share. They can be shared in the staff room, or within an INSET session.
